

Online supplemental Figure: Characteristics of AMIS 2017 respondents compared to US population, by race/ethnicity, Census region of residence, urbanicity and health insurance status.

US population Sources: Race: Census FactFinder; Region: https://www.census.gov/popclock/data_tables.php?component=growth; Urbanicity: https://www.cdc.gov/nchs/data/series/sr_02/sr02_166.pdf; Health insurance: <https://www.kff.org/other/state-indicator/total-population/?currentTimeframe=0&sortModel=%7B%22colId%22:%22Location%22,%22sort%22:%22asc%22%7D>. Note Kaiser Family Foundation data does not include a category for multiple; based on KFF hierarchy, the AMIS data for other/multiple are categorized as public.
